The Global Legislators Organisation

ANNUAL REPORT 2021

GLOBE International a.i.s.b.l

Introduction

GLOBE International is a cross-party network of parliamentarians dedicated to improving governance for sustainable development. Founded in 1991 by Senators Al Gore, John Kerry and their counterparts in the European Parliament, Russian Duma and Japanese Diet, GLOBE International has grown to include legislators from every global region. GLOBE members have been instrumental in the establishment of legislation on climate change, biodiversity and natural resource protection in parliaments across the world. GLOBE International's current work includes supporting implementation of the Rio Conventions (climate change, biodiversity, desertification), the Sendai Framework on Disaster Risk Reduction and the UN Sustainable Development Goals.

GLOBE legislators take a holistic view of the interconnected challenges of sustainability and seek collaborative, cross-party solutions in the public interest. They share a commitment to defending democracy and restoring trust in democratic institutions in increasingly polarised societies. Since 2019, GLOBE has placed particular emphasis on working with young people and improving political education for engaged citizenship.

Our ANNUAL REPORT 2021 provides some highlights of GLOBE's work in 2021.

Deputy MC Juan Carlos Villalonga

President of GLOBE Argentina & Chairman of the Board of GLOBE International a.i.s.b.l.

Hon. Samuel Ifeanyi Onuigbo

Member of the Climate Change Committee, House of Representatives, Nigeria

Deputy Masayoshi Yoshino

Leader of the Committees on North Korea & Reform of Budget & Corporate Tax, Japanese Diet

Deputy Bertrand Pancher

Member of the Sustainable Development & Territorial Planning Committee, French National Assembly

Malini Mehra

Secretariat CEO, Non-Executive Board Member, India

Nadine Lefebvre

Finance Director, Non-Executive Board Member, Belgium

Board of Directors

GLOBE International aisbl, also known as GLOBE Legislators, is a non-profit international organization registered in Belgium since 1991.

The organization is governed by an international board of directors who set strategic direction, with an international secretariat responsible for day-to-day operations.

Legislators Summit in November 2021

GLOBE LEGISLATORS DELIVERING ON THE 2030 AGENDA

Since 2019 GLOBE has been working with legislators and UNEP across Africa on a GEF6 project '***GLOBE Legislators Advancing REDD+ and Natural Capital Governance Towards the Delivery of the 2030 Agenda***'

2019

2021

2021 saw a number of milestones in delivering on key aims of the project – including on Africa's Great Green Wall, climate change and the Paris Agreement. Some highlights from Nigeria, Senegal and the Democratic Republic of Congo are shared here.

NIGERIA

- ✓ A holistic Climate Change Act, sponsored by GLOBE Vice-President for Africa Hon. Samuel Onuigbo, was adopted in November 2021.
- ✓ Key aspects of the Bill include provisions for nature-based solutions such as REDD+ and environmental-economic accounting, and the push for a net zero emissions deadline for Nigeria, aligned with recommendations of technical support by GLOBE.
- ✓ This is the first time that a legal text mentions REDD+ and environmental economic accounting in Nigeria, in Nigeria, after many years of being REDD+ partners and of timid progress enhancing critical ecosystem services conservation

SENEGAL

- ✓ Parliamentarians secured investment expenditures for the program to combat deforestation and land degradation, which take into account REDD+ readiness, and the Great Green Wall (GGW) will exceed 500% in 2022 compared to 2021 through interventions in annual Budget process informed by findings and recommendations of the three legislative readiness studies developed by GLOBE with the support of the GEF6 and UNEP.
- ✓ A new Biodiversity Bill holistically addressing forest governance and REDD+, environmental economic accounting, biodiversity protection and nature-based solutions to climate change is being prepared with support from GLOBE.

DEMOCRATIC REPUBLIC OF CONGO

In a major development in 2021 due to the efforts of GLOBE legislators, a Bill on the institutionalisation of the system of environmental economic accounting in the Democratic Republic of Congo (SCEEC) will be tabled in Parliament before the next parliamentary session by senior deputy Elvis Mutiri wa Bashara, with a view to its insertion in the calendar of the September 2022 session.

REPORT LAUNCH

GLOBE launched a major report 'Parliaments and the Paris Agreement' at New York Climate Week to inform parliamentary engagement ahead of COP26. It was the first of a kind in GLOBE's partnership with other parliamentary networks.

NEWSLETTER FOR PARLIMENTARIANS@COP26

In 2022, GLOBE was appointed the first Focal Point for the UNFCC's informal parliamentary group.

As part of its duties to service the parliamentary community, GLOBE published the first Parliamentarians@COP26 Newsletter – six bi-weekly issues published in the run-up to and post-COP26 to help inform and organise the global parliamentary constituency.

Parliamentarians@COP26 Newsletter (6 issues)

Volume 1 | Issue 1
13 September 2021

The recent Code Red report by the IPCC makes it clear that it is time for the world to step up its ambitions if the 1.5-degree temperature goal is to be reached.

Bi-weekly newsletter prepared by [GLOBE International](https://www.globeinternational.org/), serving as the UNFCCC Focal Point for the Parliamentary Group. Non-partisan, cross-party support for the global parliamentary community to stay abreast of developments and prepare the ground for success at COP26. #TogetherToDeliver

Volume 1 | Issue 2
27 September 2021

To keep within our reach the vital goal of limiting global warming to 1.5 degrees Celsius, every nation needs to bring their highest-possible ambitions to the table.
Joe Biden.

Fortnightly newsletter prepared by GLOBE International, serving as the UNFCCC Focal Point for the Parliamentary Group. Supporting the community to stay abreast of developments and prepare the ground for success at COP26

Volume 1 | Issue 3
11 October 2021

"COP26 in Glasgow represents an urgent summons to provide effective responses to the unprecedented ecological crisis and the crisis of values that we are presently experiencing, and in this way to offer

Fortnightly newsletter prepared by GLOBE International, serving as the UNFCCC Focal Point for the Parliamentary Group. Supporting the community to stay abreast of developments and prepare the ground for success at COP26

Volume 1 | Issue 4
25 October 2021

"Now is the time to transform humankind's relationship with the natural world – and with each other. And we must do so together. Solidarity is humanity. Solidarity is survival." — António Guterres

Fortnightly newsletter prepared by GLOBE International, serving as the UNFCCC Focal Point for the Parliamentary Group. Supporting the community to stay abreast of developments and prepare the ground for success at COP26

Volume 1 | Issue 5
8 November 2021

"Humanity doesn't lack the resources, technology, projects or innovative potential to achieve [1.5] all that's missing is the courage to act, the courage to choose our grandchildren's future over

Fortnightly newsletter prepared by GLOBE International, serving as the UNFCCC Focal Point for the Parliamentary Group. Supporting the community to stay abreast of developments and prepare the ground for success at COP26

Volume 1 | Issue 6
22 November 2021

"The hard work to deliver Glasgow COP26 pledges will rely on dedicated and ambitious legislators - the unsung climate action heroes!" — Nick Mabey, Co-founder & CEO E3G

Fortnightly newsletter prepared by GLOBE International, serving as the UNFCCC Focal Point for the Parliamentary Group. Supporting the community to stay abreast of developments and prepare the ground for success at COP26.
