

DIRECTORY OF BRAZILIAN LEGISLATORS AT COP30

A Resource for Media and Event Organisers

COP30
BRASIL
AMAZÔNIA
BELÉM 2025

10-21 November 2025

Prepared by:

GLOBE
The Global Legislators Organisation

GLOBE is the
UNFCCC Focal Point for the
Informal Parliamentary Group

GLOBE Legislators (formerly GLOBE International) was formed in the run-up to the Rio Earth Summit in 1992 to provide an independent, cross-party platform for parliamentarians to engage in UN meetings related to environment and development. GLOBE is the oldest parliamentary organization to provide ongoing and consistent support to parliamentarians around the world on a non-partisan basis from the very first UNFCCC COP in 1995. You can learn more about our history [here](#).

Since COP26 in Glasgow, GLOBE has served as the first UNFCCC Focal Point for parliamentarians. In this role we have offered a number of free services and resources to support engagement of the global parliamentary constituency in COPs. Find out more about these resources [here](#).

This Resource for Media and Event Organisers is our latest effort to raise the visibility and voice of the parliamentary constituency at COPs.

Originally intended to represent the global parliamentary constituency present at COP30, the response to our Call for Parliamentary Speakers was overwhelmingly dominated by submissions from Brazilian legislators, at both the federal and sub-national level. Our thanks to our Brazilian partners Plataforma CIPO, Clima de Política and OPCC for their assistance with the circulation of the Call.

We have therefore decided to publish this dedicated directory containing all submissions received so far from Brazilian lawmakers.

We hope it will be of help to media and event organizers at COP30 and bring a diversity of voices from the host country into COP30 proceedings and discussions.

Those interested in contacting any of the MPs listed can either do so through their websites (where available) or emailing us directly at focalpoint@globelegislators.org or WhatsApp to +234-703-301 2798

The directory and further GLOBE resources can be downloaded from our dedicated COP30 website here: <https://globelegislators.org/globecop30-overview/>

Malini Mehra

Chief Executive, GLOBE Legislators
